LIBRARY PICTURE TONIGHT

To Show Work of Americans in Devastated Parts of France.

Two reels of moving pictures of the devastated regions of France and the development of children's libraries in those regions, will be shown at 7:30 o'clock tonight in the Physics lecture room. These pictures will show what has been and what is being done by the American Committee for the devastated regions.

The American Committee is giving 50,000 francs to the town of Soisson and 20,000 francs to the village of Anisy to establish children's libraries there. The Committee is also co-operating with the Office National des Universites in bringing French girls to America to be educated in the library schools of this country. These girls are to return to France and teach others to be librarians.

Under the plan for establishing these libraries, the American Committee furnishes the books and the town furnishes the building and other support of the library.

This picture is furnished by the American Committee and it is brought to Columbia by the Columbia Library Club. It has been shown over the United States and is on its way back to New York. It was shown last week in Kansas City. Professor J. V. Ankeny will show the picture and H. O. Severance, University Librarian, will give a short introductory talk. The public is invited. Admission is free.

AT THE HOSPITALS

ELKS AND MERCHANTS CO-OPERATE WITH TIGERS

Realize Need of Better Facilities for Efficient Coaches and Trained Athletes.

The Elks entertained the members and coaches of the football team of '95 last night in the club rooms. The principal speakers on the program were: J. W. Hudson, Z. G. Clevenger, Tom Kelly, Herbert Blumer, Irl Brown and Sidney Rollins.

J. W. Hudson spoke on the co-operation of the Elks, townspeople and the football team as well as the benefits derived from the meeting of the team and the merchants of Columbia. He told how the football team needed the help of the townspeople at this stage of the season.

Z. G. Clevenger spoke on the need of co-operation between the townspeople and Elks in building up a machine whereby better athletes and a more efficient coaching staff like those of Nebraska and Kansas can be obtained. Mr. Clevenger said, "This can only be obtained by the joint work of the alumni, coaches of high schools, and citizens of the state in seeing that the athletes come to Missouri instead of going to other schools in the valley and to schools in the East."

Coach Thomas Kelly spoke on the need of more material. "At Nebraska," he said, "the coaches can close their eyes and pick out a team that can beat anything in the valley. This is brought about through the adequate facilities and co-operation of the athletic department at Lincoln and the alumni throughout the State. An athlete in Nebraska never gets away from Lincoln, and extra efforts are made to see that he attends Nebraska University."

Herbert Blumer in his talk said: "It would be great if more of this work could be carried on and the merchants in giving their moral support, showed that they were always behind the teams that represent Missouri."

Irl Brown, student president, spoke on the need of better and more efficient facilities of the coaches and the need of material that every year goes to some other school.

"This material should come to Missouri," said Mr. Brown. He told the members of the Elks Club who are merchants of the town, how he appreciated their readiness to help make this Homecoming a success.

Sidney Rollins closed the program with a short talk which voiced the sentiments of the others.

Harding May Attend Game.

By United Press.

WASHINGTON, Nov. 1.—President Harding will attend the Army-Navy game in Philadelphia, November 25, if the condition of Mrs. Harding will permit him, according to Secretary of Navy Denby.

GILLASPY SCHOOL PROMOTED

First in County to Be Admitted to Superior Class This Year.

C. E. Northcutt, county superintendent of schools, announced today that the Gillaspys School, of District 43, Boone County, is now classed as a superior school. Gillaspys School is the first school in Boone County to be admitted to the superior class this year. The certificate of admittance, signed by Sam A. Baker, state superintendent of schools, is now in the possession of Mr. Northcutt and will be presented to the school soon. Miss Ola Norris is in charge of the Gillaspys School, whose admittance to this class brings the total number of superior schools in Boone County to nineteen.

To be admitted to this class a number of requirements have to be met. They are as follows: first, the school library must contain at least 200 volumes suitable for carrying out the state course of study; second, the teacher must hold a first grade certificate, or higher and must receive not less than \$85 per month; third, the teacher must have had four years of high school work or its equivalent; fourth, the school must hold at least four community meetings during the year; fifth, a score of at least ninety points must have been made on the regular daily attendance card.

LARUE REPORTS CONFERENCE

Leading Educators Advocate Plan for Student Engineers.

H. A. Larue, professor of engineering in the University, who attended the second National Conference on Education for Highway Engineering and Highway Transportation which convened at Washington last week, reports that addresses were delivered by many prominent men interested in that field of work.

"The prevailing idea among educators at the conference," he explained, "was to continue the plan of giving the general course in civil and highway en-

gineering, as practiced here at the University and many other schools, and leave the special work for the student's graduate work. This plan has been found to be most effective as the student doesn't have enough time to devote to special work during the first four years of school."

GERMAN TEACHERS PAID LESS THAN LIVING WAGE

C. H. Williams Tells Community Club of School Situation in Foreign Countries.

"Teachers in Germany cannot live on their salaries," said C. H. Williams, director of the Extension Division of the University, in speaking of his recent trip to Europe before the meeting of the University Community Association yesterday afternoon.

"They are forced to find other work outside of school hours in order to meet expenses. One man told me that before the war he received a salary equivalent to \$3,000 a year. Now he receives 200,000 marks which have a purchasing power equal to \$500."

The following were elected by the Community Association to be delegates and alternates to the State Teachers' Association: Delegates: C. H. Williams, J. D. Elliff, R. J. Kerner, and J. H. Coursault; alternates: Isidor Loeb, W. C. Curtis, J. E. Wrench and A. G. Capps.

MISS DOBBS GIVES REPORT

Explains Changes Relating to State Board of Education.

A resume of the State Federation of Clubs at Louisiana, Mo., was given at the meeting of the Tuesday Club yesterday afternoon by Miss Ella V. Dobbs and Mrs. Jesse Wrench.

Miss Dobbs gave a report of Mrs. W. W. Martin's speech on the work of the Educational Committee of the Constitutional Convention.

Mrs. Wrench reported on the program. She said that one of the most inspiring addresses was given by Dr. A. H. R. Fairchild, professor of English in the University.

Mrs. H. M. Hungate explained the methods of voting and Mrs. Rosa Ingels spoke on the nineteen propositions.

They raved over 'em at Princeton!

California adopted 'em!

You'll like 'em too!

You can't help it. There's that happy combination of the snappiness of the Avenue combined in a rare degree with the nobbiness of sport wear. They're dressy and the acme of comfort. Like the production for which they are named they are the maximum in campus enjoyment—those "Breeze Bug" Bell-bottomed, Corduroy pants. They're knock-outs. Worn with a Travelo sweater, and an Ambassador collar attached shirt, they're positively unbeatable! It's virtually a uniform among the seven thousand students of California. And the price—disgracefully low—five plunks even. (That'll go on the November charge accounts, too.)

S and B Clo. Co.
SYKES E BROADHEAD

Going on sale at nine o'clock this morning, check-time with the acceptance of reservations for "The Breeze Bug" it looks like the pants we have received so far will just be an appetizer to the mob. Everybody's been after 'em! Take a slant in our window—then come in and get yours! But don't wait!
